Manual harvesting and grape selection in September

Vinification

Gentle pressing, fermentation and aging in French oak barriques

Yield

45 hl/ha

Characteristics

Appearance

Golden color with green reflections

Nose

An interweaving of exotic fruit, citrus and elegant smoky notes

Palate

Rich and mineral with an enveloping and creamy finish

Ritratti

Every portrait (ritratto) is a sublime synthesis of the bond between man and nature, a communion where wine refines into art, unveiling the enchanting biodiversity of the Avisian Hills

If it were a person

Romantic and reflective
