SIMBOLI CABERNET

TRENTINO DOC

Since decades Cabernet has been successfully grown in Trentino. The deep, silty-loamy and fertile territories are the most suitable for this variety. On the Avisian Hills are produced particularly rich grapes in color and structure.

Cabernet Simboli has a complex aroma of red fruits and spicy notes. At the palate the body is full, soft and velvety.

GRAPE VARIETY

Cabernet Sauvignon and Cabernet Franc

PRODUCTION AREA

Avisian Hills

EXPOSURE AND ALTITUDE

South/West; 300 m above sea level

SOIL COMPOSITION

Silty-loam, deep, fertile

TRAINING METHOD

Guyot and simple Trentino pergola

PLANTING DENSITY

4.000 – 5.000 vines/ha

VINIFICATION

Manual harvest in mid-October, controlled-temperature fermentation in stainless steel tanks, ageing for 5/6 months on the lees (90% in concrete and 10% on French oak) before bottling

ALCOHOL

12,5%

PAIRINGS

Great with roasted and red meats, excellent with polenta and mushrooms

SERVING TEMPERATURE

18°
